## PURRFECT PET CENTERS

Cat and dog lovers alike are devoting special spaces to their pets within the family home. When planning a special place for your special pet, think about these possibilities:

- Plan storage for feeding supplies and pet toys
- Plan a spot for leashes, medicines and other pet needs
- Include a convenient feeding station
- Really spoiled dog owners will want to include a wet station with a floor drain and hand held shower
- Tile floors make for easy care. So do tiled walls!
